

## Horse Registration Form

In an effort to help locate horse owners, whose horse leaves a property, the Rangers are compiling a registry of horses in the Village. If you own or board a horse in the Village, please complete this form and return it to the Rangers. In addition, we would like to know if you are available to assist the Rangers with the apprehension of a horse when an owner cannot be located. This would include transportation and boarding until an owner is identified. Please use additional forms for more than four (4) horses.

**Number of horses being registered:** \_\_\_\_\_
